PLEASE PLACE IN THE PUBLIC RECORD

I attended the meeting of the planning committee on Tuesday Sept 3 at 3:30 at the library to speak for Lido Isle and our larger neighborhood on the compatible uses and incompatible uses for the redevelopment and General Plan for the Lido Village and City Hall Site and Peninsula neighborhoods.

When I finished my comments I was told by a Committee member or city staff person that all of these things were already ingredients in the revised General Plan. Really??

There is nothing MORE INCOMPATIBLE with the General Plan for this local area than the City Council granting of extended hours and scope for WOODY'S WHARF.

We have an over concentration of bars in the area already, and this particular business is a huge headache already for our area. We hear the noise across the bay not only at the waterfront but the interior homes are calling the police with complaints! Drunk driving and the inebriated on the streets and emergency sirens in the early morning are a regular thing for us. Woody's has an abundance of violations of all kinds. The POLICE have objected to the Council extending the scope of Woody's!

Please please do not grant extended hours, etc. to Woody's. They are well documented to be bad neighbors and this is not compatible with the future plans for this part of Newport Beach. A vote by the Council in favor of extended hours and scope would have to tie in to conflicted interests on the council rather than what is best for Newport Beach.

Thank you for your consideration,

Linda Klein
